 I am;

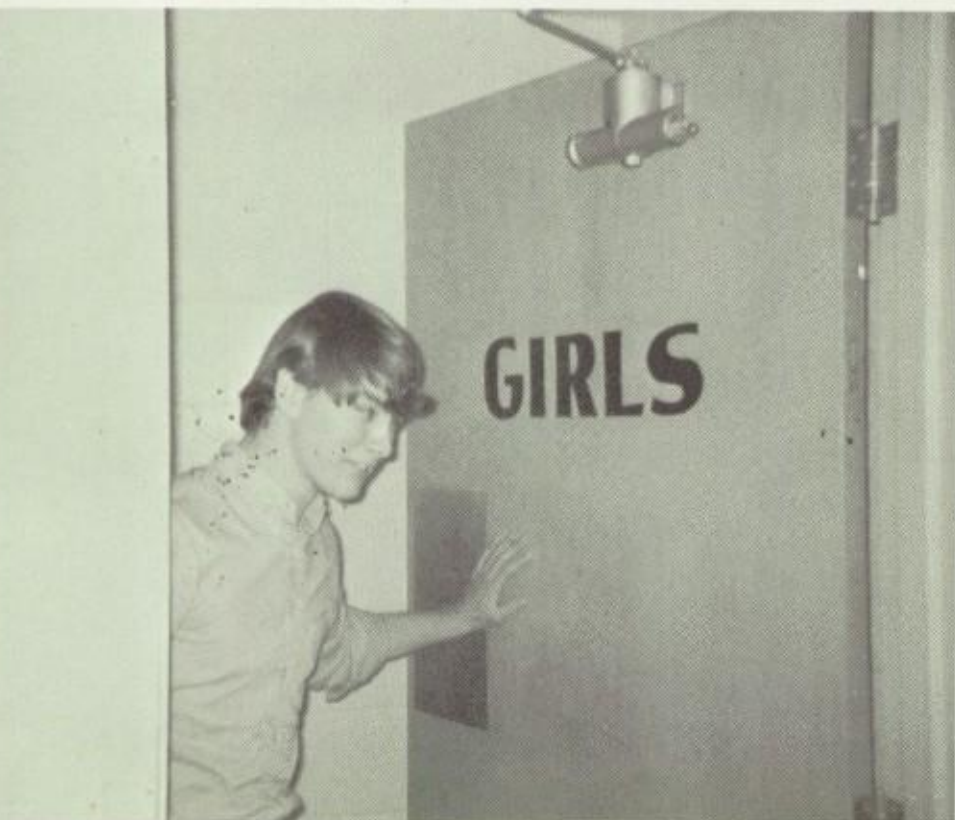

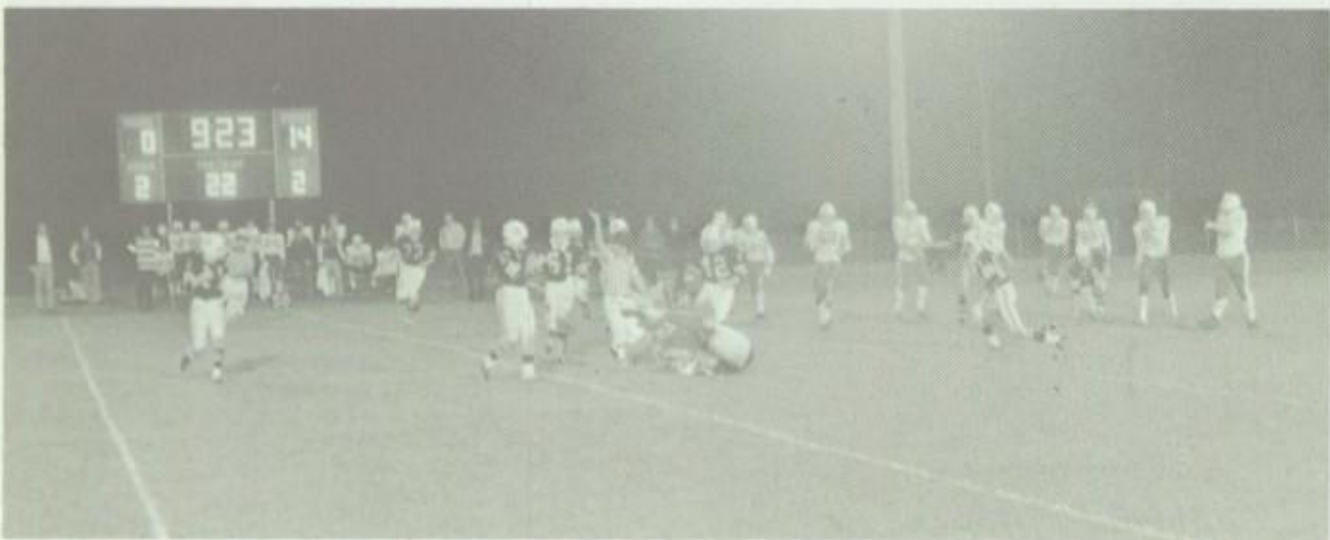

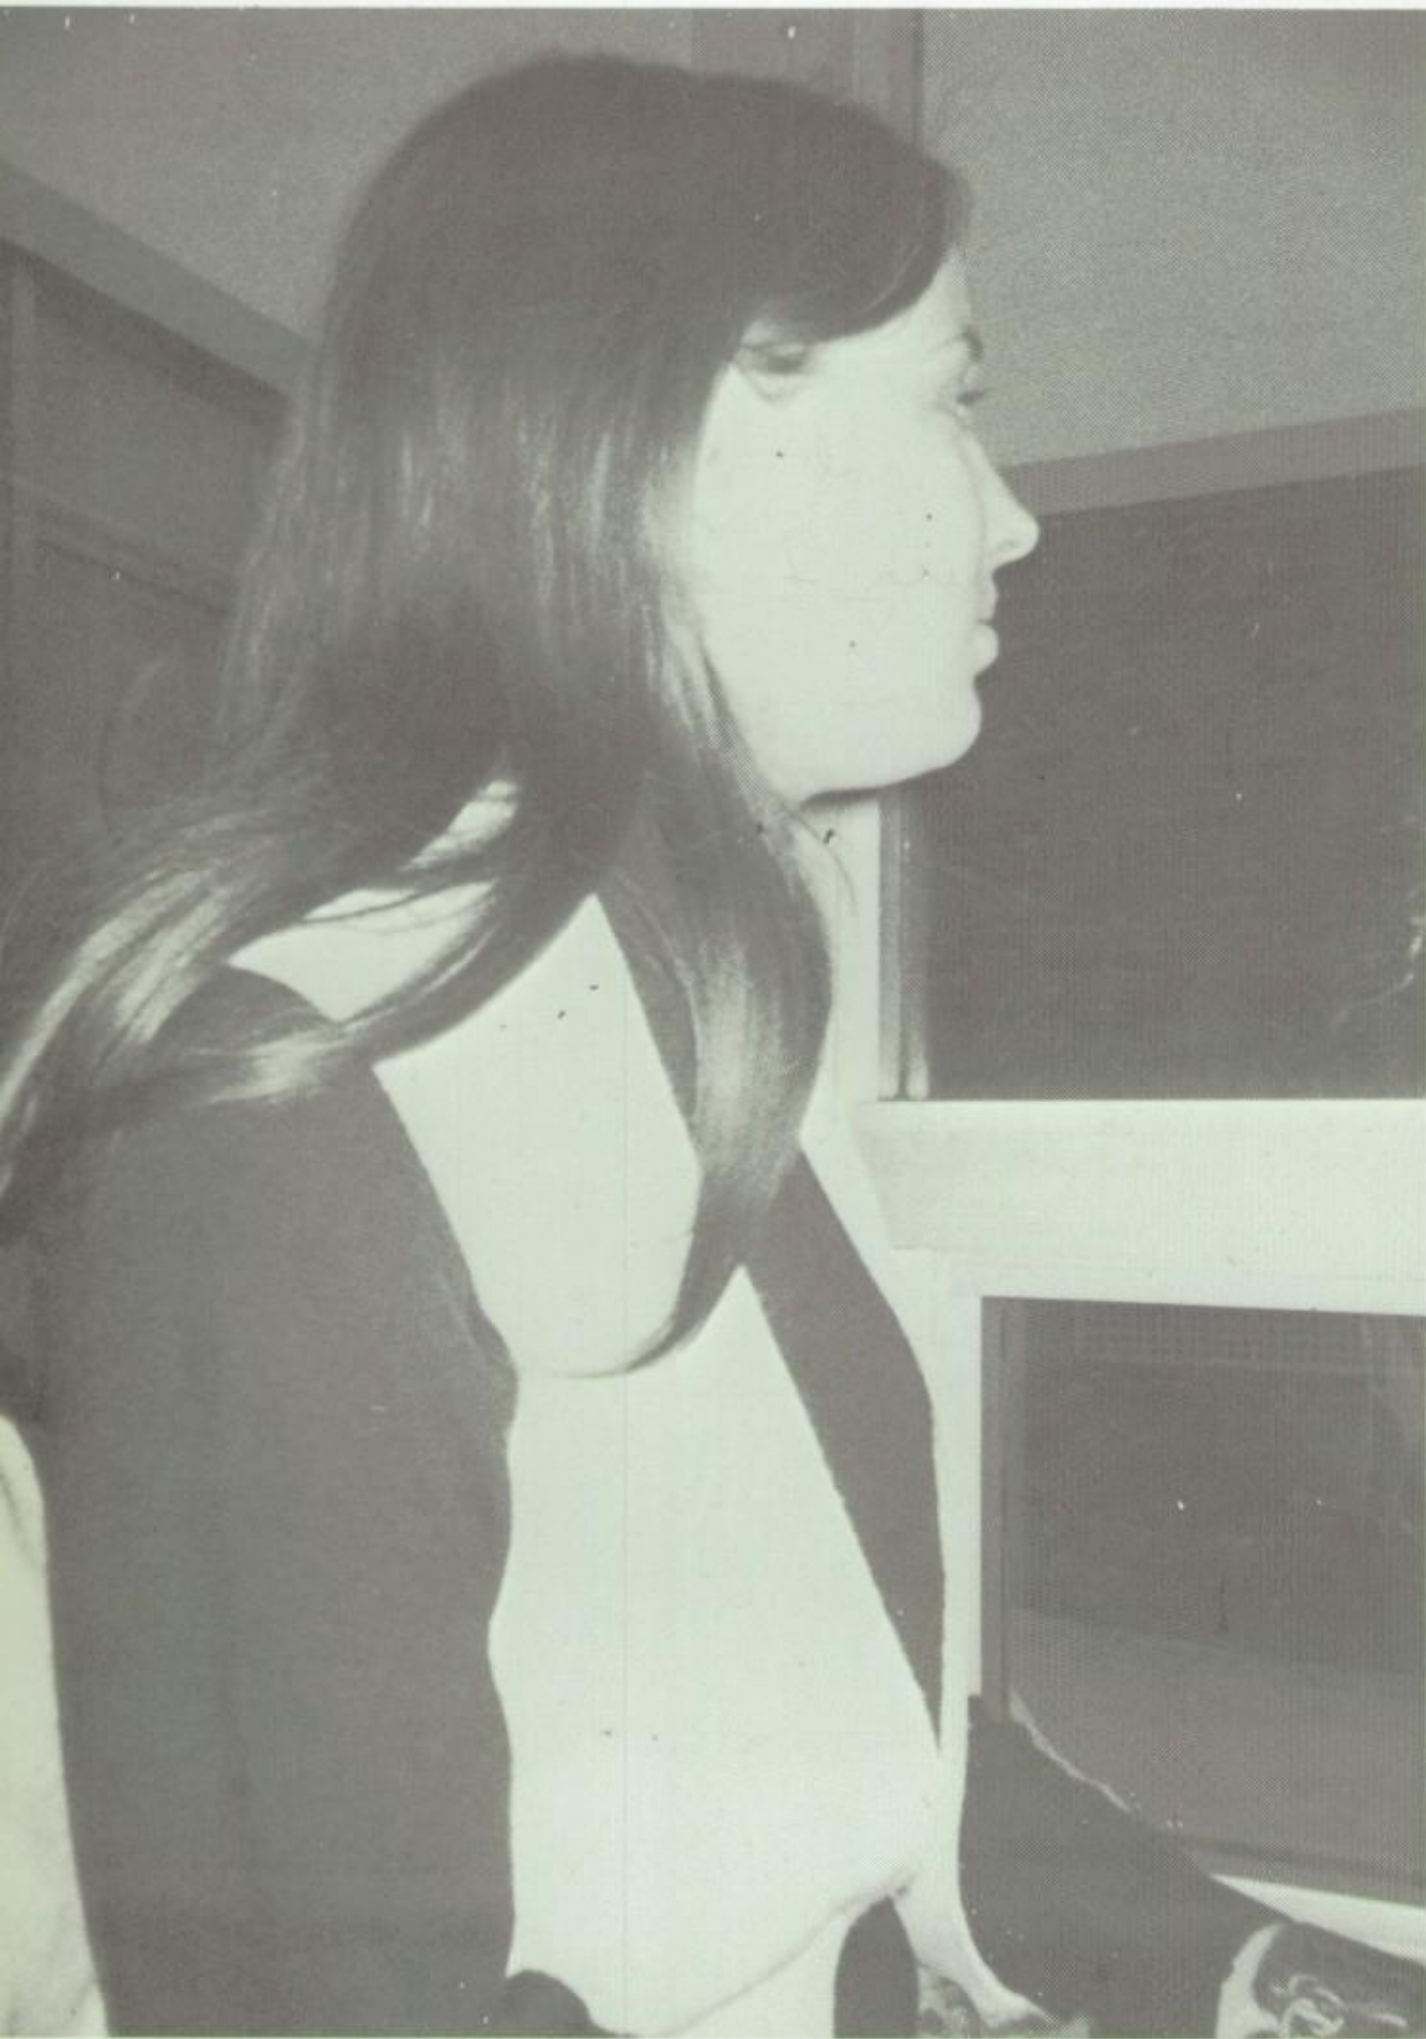

To the sweetest girl in the whole sophomore
 class, of whom I had the pleasure of riding on bus

 for even one year **LIFE AT RHS** after you leave
 this place I'll be happy. But not as happy as I
 am right now when I am writing this piece of art.

Will never forget you
 with love Rick "73"

Student Council's primary function is to serve the needs of the Student Body. It is made up of representatives from each class, Presidents of each class, and club Presidents. The Student Council has sponsored many activities this year including a Homecoming Parade, Telephone Directory, Veteran's Day Program, POW Letter-writing Campaign, and awarded a Scholarship to a worthy Senior.

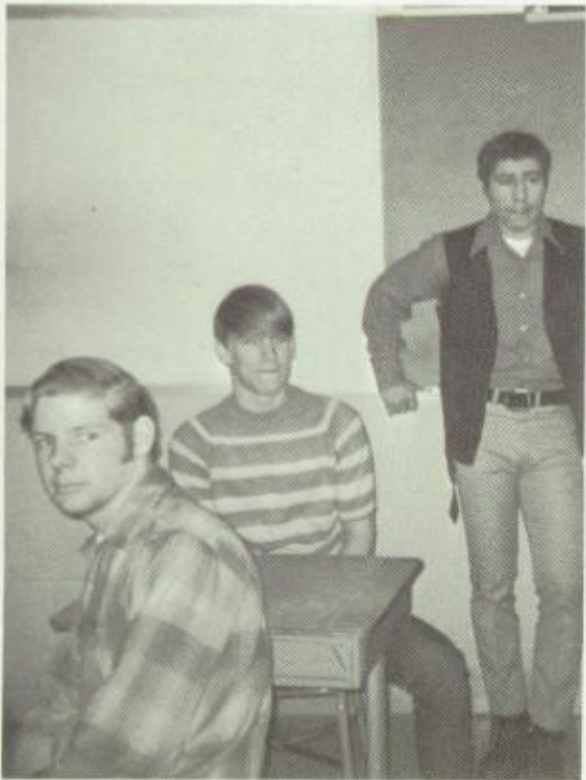

As the end of the school year draws closer, each of us is challenged to succeed in a more adult world. It is self-evident that we have the responsibility of shaping the character of tomorrow, a job for which our high school training has prepared us.

Student Council sincerely thanks all the people who helped the Student Body accomplish their many feats. And it has been a great honor and pleasure for the Student Council Officers to guide the Student Body through their many events.

As eager as most of us are to graduate, in later years we will look back with great fondness on Rudyard High School and will have been proud to have been members of the Student Body of "71"

Sincerely yours,

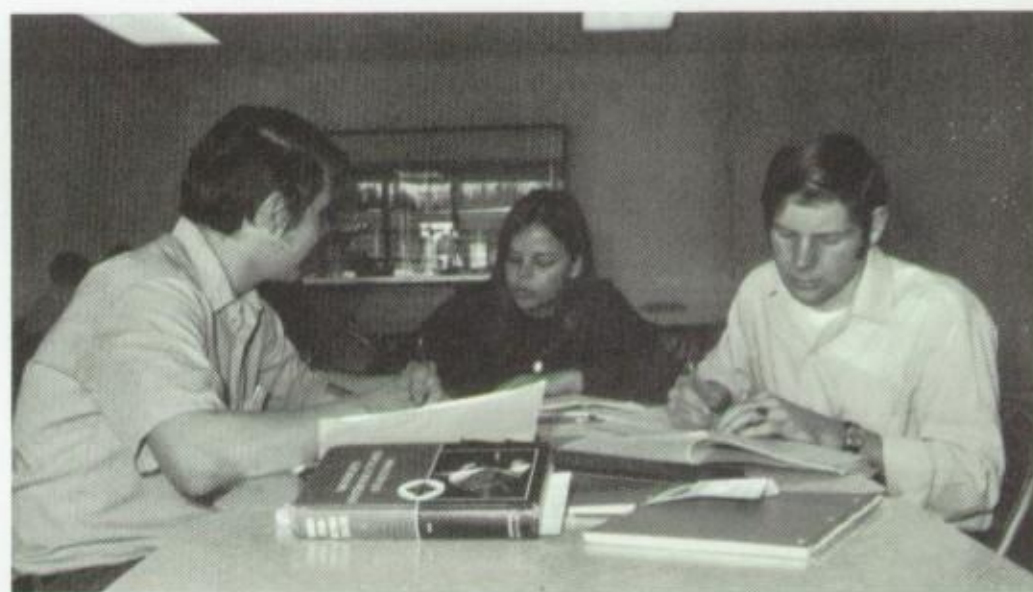

Cathy Earnhart
President of Student Council

Selling advertisements, drawing page layouts, taking and cropping pictures, and typing and composing copy are some of the principal components used in creating a yearbook. Varsity Football had an even season, winning four and losing four. The team had a hard time getting started, but finally got together and won four in a row.

We were lucky in the fact that there was no snow, but half of the games were spent in rain and mud. The team was dampened by the weather, but their spirit remained undaunted. There were several outstanding players on the team; on offense, John Glass, Mike Conners, George Drewett, and Richard Lovegrove. On defense was Ted Johnson, Ray Wolfe, Tim Green, Jim Gagnon, Johnny McClean, and Scott Suggitt.

The above mentioned are outstanding, but football is a team effort and without the team effort showed and realized by Rudyard this year, the season could have been a losing one. There were several close games. One of the most exciting games was the one against Detour. It was brilliant and encouraging pep talk by Coach Goulf and Mr. McCaffery, the team responded and put the game away in the closing minutes with an interception and a 60 yard return and a last minute drive making the score 12-0.

Granted, the team had an even season but, due to the unending dauntlessness of the team as a whole they kept it from being a losing season. We're looking forward to next year for it promises to be a very good year.

This years Junior Varsity team had an outstanding year. They displayed great ability and teamwork throughout this past season. They literally bombed their opponents with relative ease. At the end of the season they had compiled a winning record that is a credit to both the coach, Mr. Hamilton, and the team. The tournaments with Engadine was the perfect ending to a glorious season. The subject of the teams ability brought this response from Coach Hamilton: "In tournament action, the Junior Varsity toppled Engadine 67 to 39. The game started out close, but by halftime it was in Rudyard's hands."

BASKETBALL: FUTURE SEASONS LOOK PROMISING

The Varsity Basketball Team had a long and frustrating season, but the players never lost their determination, always putting forth the strongest possible effort. Although this year's season was not a winning one, it was exciting. Many of the games played had a wide margin between scores, but others had scores that were heartbreakingly close. Regardless of the fact that this year was not varsities best, we can all be proud of each and every player.

It's hard to say exactly what you feel in victory, victory in the backing of your team, your school and the sound that those people make when they're behind you. It's only a wonderful warm feeling that surges out of your heart and drives you on and on. It makes you part of the action on the field or court and you build that feeling with more feeling, for fear that where it dies the action of the players you support and the pains they put forth will die and leave you all alone.

The R. H. S. Cheerleaders have worked hard and put many hours of practice into fulfilling the position to which they were chosen.

This is to them and the support which they have rendered tirelessly for the Bulldogs at these pages are dedicated.

LETTER FROM THE EDITORS

March 8, 1971

Creating a yearbook requires a great deal of determination and patience. There are ads to sell, page layouts to design, pictures to take and copy to type. Each of these jobs in itself seems endless, but somehow they all miraculously fit together.

If we were to use one word to describe this year's book, it would be CHANGE. Our greatest goals have been to modernize the format of the yearbook and to practice principles of good journalism.

We would like to extend our thanks to Mr. Nesseth and members of the faculty for being patient with us. We also appreciate the efforts of the office staff, who tried their best to help whenever they could. An extra special word of thanks is extended to Alan Jarvie and Chris Herbst for their excellent art work. Most of all we would like to thank our editors, photographers, and members of the student body who were instrumental in the production of our annual.

One member of our staff warrants special recognition. Margaret Maillho deserves the title of the Editors' "Sidekick". Whenever any errands needed to be done, she was always there.

Each and every page of this book was hard work, but with the encouragement and advice of Mrs. Rogers, we were able to complete it without once forgetting our goals.

Through the responsibilities we shouldered in the publication of this yearbook, we have gained a wealth of experience and satisfaction.
